Our Core Values for the People We Serve:

Dignity

Support

Self -determination

Our Services:

Early Intervention

The early intervention teachers, social workers and therapists of our center bring services into the natural learning environment of infants and toddlers (such as homes and kindergartens) so as to help them grow like their peers.

1. Age Range: infants and toddlers under the age of three, who are developmentally at risk, delayed or disabled .
2. Major Service model: Family-centered / home-based services
3. Preventive services: Supporting children from low-income families, single-parent families, families of foreign countries, mothers in prison...

Preschool Daycare

The preschoolers come to our center Monday through Friday from 8 am till 3:30 pm. With diverse curriculum, the children are supported to learn with the preschoolers from our neighboring kindergarten at least once a week, hoping that the children we serve will develop in every aspect.

2. Service Model: day-care, small group teaching, plus one on one teaching, team teaching, etc.
